- IACH continues to experience losses to our healthcare providers and support staff from deployments, yet we continue to work diligently to augment these losses and to mitigate the effect of this installation's continuing mobilization mission on appointments in our facility. Fort Riley continues to see large numbers of Soldiers from both the Reserve Component and the Active Duty force deploying to and returning from both Southwest Asia and European deployments. These Soldiers require intense medical processing which places a large demand on our facility. In an attempt to mitigate this we continue to authorize access to the local TRICARE network for our beneficiaries. We are also continuing to request, and/or contract for, additional medical support from other installations and the local community. In conjunction with this, elective procedures, such as vasectomies are being curtailed until further notice.
- The Pharmacy Remodeling project is scheduled for completion in October 2004. The Pharmacy is expecting two new Pharmacists this summer. On August 18th and 19th, a new floor will be installed in the Pharmacy's current location in the basement. During this construction, there may be loud noises associated with the installation.
- School and sports physical appointments are available on a limited basis in the Primary Care Clinics. Please contact the TRICARE Service Center appointment line at (785) 784-1200 or 1-888-TRIWEST to schedule an appointment. No appointments are necessary for children requiring immunizations only. Walk-in hours for the Immunization Clinic are Mondays Wednesdays, and Fridays from 7:45-11:15am and from 1:00-3:45pm. The hours for Tuesdays are 1:00-3:45pm and Thursdays are from 7:45-11:15am.

To register contact Education and Professional Development at 239-7979. Eight contact hours for CEU credit will be awarded for completing both sessions.

Fort Riley Dental Activity (DENTAC)

- **The Fort Riley Dental Activity (DENTAC) wants you!** Red Cross Volunteer Dental Assistants: We need trained dental assistants and clerical volunteers to volunteer their time to help us take care of Soldiers! The DENTAC has lost a number of excellent dental assistants this summer through retirement and PCS. We have an immediate need for trained volunteer dental assistants to help us through the next six months and longer. Full or Part-time volunteers are needed immediately. We also need clerical volunteers. Please contact the American Red Cross Office at 239-1887 to get your volunteer packet started!
- **Red Cross Volunteer Dental Assistant Training Program:** This fall, the DENTAC will sponsor a comprehensive Red Cross Volunteer Dental Assistant Training Program. The Dental Assistant training program will provide instruction in basic and advanced dental assisting skills, to include 4-hand assisting in operative dentistry, specialized assisting skills in oral surgery, endodontics, periodontics, and prosthodontics. Students will also learn about dental record, instrument, and supply management as well as basic dental laboratory and computer skills. After the didactic phase (lectures and book work), students will participate in a clinical phase that is augmented with weekly seminars. During the clinical phase, students will rotate through the different dental specialties and receive hands-on training for skill development. Dental Assisting is an excellent career field with tremendous opportunities throughout the United States and overseas. If you are interested contact the American Red Cross Office at 239-1887 to get more information and to get your volunteer packet started. We will begin interviewing candidates soon. Presently, we are limiting applicants to family members of active duty Soldiers. Applicants must be at least 19 years old and of good moral character.

- You can access ICE several ways. The quickest is to click on the ICE link on the sidebar of the Fort Riley home page www.riley.army.mil You may also access our site via the ICE homepage <http://ice.disa.mil> and then drill down through the map to Fort Riley. In either case, you will reach a search page listing categories of service. The names of the organizations you can rate will appear when you click on the service category. The comment card will come up when you click on a service name. At the bottom of the comment card you will also find a dialogue box in which you can enter comments. Your comments are most valuable to our service providers. If you wish to see how others have rated a service in the past 90 days, click on the “Report” box. General information about the service can be obtained by clicking on the “Info” balloon.
- ICE is a worldwide customer feedback system supported by the DOD Office of Quality Management. Be sure to turn off computer monitors, appliances and lights when not needed. Not only does it save energy, but it helps keep the room cooler. Saving on electric demand during this peak season saves Ft Riley energy dollars throughout the year. Funds saved in the energy account go to improving the quality of life for soldiers and families.
- **Recycling Reminder:** All on-post housing occupants are reminded of their responsibility to recycle to the extent possible. All recyclables except yard waste and large pieces of cardboard are to be placed in the blue recycle bags and placed next to your trash containers the day of your scheduled pick-up.
The blue recycle bags and a Resident User's Guide are issued at the time of assignment of the quarters, and additional bags can be obtained at no cost at the self help store. - **Child Safety**

- Parents should remind children walking to and from school to use sidewalks and crosswalks.
- Residents must keep their pets at least 4 feet away from any public area to include sidewalks.
- **Snakes**
 - Steps you can take to help make your yard an unfavorable place for snakes:
 - Keep your grass mowed.
 - Do not leave toys, bricks, or other objects in the yard where they might hide.
 - If you have a rodent problem, call in a service order. Snakes are attracted to rodents.
 - Do not leave garbage or pet food uncovered outdoors. This attracts rodents.
 - Children should not play in areas with tall grass or leaves where snakes might live. Keep your pets out of those areas as well. It is always advisable to wear protective sturdy shoes and long pants if you have to walk through tall grass and weeds.
- **Noise**
 - Occupants must keep the noise in the quarters at a level acceptable to the other occupants of their building and to neighbors at all times.
 - Occupants should keep the volume of car stereos and radios at a low level while parked near quarters.
 - Occupants are asked to consider others and to cooperate with each other in resolving differences in regard to noise levels.
- **Housing Areas**
 - Take pride in your neighborhoods.
 - Call in service orders for repairs, to include common-use areas.
 - Take care of your playground; remove trash and report needed maintenance.
- **Smoke Detectors in Quarters**
 - Smoke detectors can save lives. Residents are responsible for ensuring they are in good working order.
 - **Never** remove the backup batteries from the detectors to use for other purposes.
 - **Never** remove the detectors from the ceilings.
 - Replace the batteries when the detectors start beeping. That is the warning sound for expired batteries. Replacement can be done by occupants or as a service order.
- **Barbecue Grills**
 - Must be kept several feet from the House, when in use, because of the intense heat they generate.
 - Fire Regulations prohibit the use of barbeque grills on enclosed porches and balconies.
 - Parents must watch children while Barbequing, to prevent serious injury.
